From: Prof. Leslie Lai, Chair of IFCC EMD

Date: 29.11.2019

**Ref: Call for nomination 2020- 2022
Vacancy position on the C-CLM**

**To: National Representatives of IFCC National Society Members
Representatives of IFCC Corporate Members**

The Education and Management Division (EMD) is a key resource for all members of IFCC. EMD facilitates the development of managerial skills, supports educational activities in laboratory medicine and offers critiques, advice and cutting-edge expertise on issues and problems related to laboratory management, teaching and education. EMD provides many of these educational, teaching and consultative services through its Committees.

We are inviting nominations for one Member position on the Committee on Clinical Laboratory Medicine (C-CLM) for the term of office 2020-2022 as one vacancy has arisen.

The position should be preferably filled by a Young Scientist. For the purposes of definition, a Young Scientist is a medical or science graduate working or training in laboratory medicine. He/she will be less than 40y of age at the time of the appointment.

The candidates should have extensive experience in the area of work of the Committee. For further information, please visit:

<https://www.ifcc.org/ifcc-education-division/emd-committees/c-clm/>

Much of the work of all EMD committees is conducted by email, but C-CLM meets in general once per year.

All National Society Members are requested to encourage appropriate members to apply for this position. Applicants who are not selected as members may be eligible for corresponding membership.

Nominations should be directly sent to the IFCC Office (cardinale@ifcc.org)
by 5 February 2020.

The information must include:

- Letter of support from the National Society/Company;
- Curriculum Vitae of the nominee describing the professional and/or academic career (including a list of publications), particularly highlighting the issues which could be important for the selection.

We look forward to receiving your replies.

Yours sincerely

Leslie Lai
